Home & Garden Club

•Gala – This was a great night with a full attendance and all present were treated to a wonderful nights entertainment. The first part of the night was given over to a demonstration on decorating your home with flowers and foliage for Christmas given by our own Carmel Barry. Carmel is a gifted flower arranger and she showed us how to use foliage from our own gardens and the hedgerows to make some beautiful Christmas arrangements. She also very kindly donated all the arrangements she made to the raffle. During the interval we had tea and lovely home-made cakes by Deirdre and Breda Barry. The second half of our night was a talk by Fiona Turley of Gallery Crafts, Kilworth on decorating the home at Christmas. Fiona decorated a mantelpiece in different ways and gave us lots of ideas on different ways to do this at home. There was also a fashion show at the end of the night with some of our club members modelling hats, scarves and jewellery , all of which are available in Fionas shops, both in Kilworth and in her pop-up shop in Fermoy. Our chosen charities for this years Gala were Motor Neuron Disease, and Breakthrough Cancer and we were able to present two very nice cheques to both of these deserving charities at our AGM on Nov. 13th.
