Release date Sunday 9th October 2011

Embden Geese

We the **Embden Family** (also known as Ebdem pronounced Eb – Dem) are delighted to make Castlelyons our home, Our family originated in Germany but migrated to many parts of the world over many years, we were born in Midleton, Co. Cork where we stayed until last week . We were invited by the Castlelyons Tidy Group to go live in Castlelyons in the picnic park, area we are delighted to be here as we can feed on the luscious grass and enjoy a swim in the beautiful river.

All we ask for is that all the people of Castlelyons to look after us by doing the following :

- Please control your dogs and cats ,as they keep chasing us and we hate this.
- If you see a fox or any other wild animal that may hunt us, please tell a member of the Tidy Towns Group as they will help to keep them away.
- When the winter sets in and the grass is scarce we would like if you could give us some specially formulated food which will help to keep out the cold.(we also like this food as a treat) whenever you can afford it.

It is best not to give us too much bread as we may get sick from eating it when it is left on the ground for a long time and gets mouldy (would you like mouldy bread).

As we have moved to Castlelyons we would like for you to give us local names . I am a male and have two lovely females with me please give you suggestions on a piece of paper with your name also to McNamaras shop and the Tidy Towns Group will select the most suitable names and you may win a prize.

Thank you all from

The Embden Family.
